The best wireless Android Auto adapter just got a small price hike

ACTION STEPS

- ✓ AAWireless, the top wireless Android Auto adapter, just got pricier. Even the best tech isn't safe from 'RAMageddon'.
- ✓ This gadget cuts the cord for Android Auto. No more plugging in every time! If you have wireless AA, is that freedom a game-changer? Comment below!
- ✓ Your phone stays in your pocket, charging freely. Seamless, undeniable efficiency for your car experience.
- ✓ The increase is due to 'RAMageddon' - widespread rising component costs. A bummer, but market reality.

PRO TIP:

Even with the new price, wireless Android Auto's productivity gain is massive.
