

# 1 Minute Google

One Google tip every day

---

## NotebookLM is now Gemini Notebook, with 3.5 + Antigravity upgrade coming to AI Pro

### ACTION STEPS

- ✓ NotebookLM, that amazing AI research assistant? It's now officially 'Gemini Notebook.' A smart rebrand, tying it to the Gemini AI family.
- ✓ But it's not just a name! Google also teased upcoming features like a 3.5 Antigravity upgrade. Have you used NotebookLM before? Comment below!
- ✓ Expect these powerful enhancements soon, especially for AI Pro users. Think smarter summaries, super-efficient organization. Game-changer!
- ✓ No click-by-click steps \*yet\*, but keep a close eye on your Gemini Notebook interface! Updates roll out, so check regularly.

### PRO TIP:

*Google's AI tools evolve fast; stay updated to maximize your productivity.*
