One Google tip every day

Gemini is spooking Google Maps' users by chiming in on chats uninvited

ACTION STEPS

- ✓ Be aware of uninvited AI voice in Google Maps.
- ✓ Understand 'hands-free assistant access' may be enabled silently.
- ✓ Check your Google Maps or Google Assistant settings for 'driving mode' or 'hands-free' toggles.

PRO TIP:

Always review new app permissions and settings after a major update to avoid unexpected features.
