

# 1 Minute Google

One Google tip every day

---

## The Pixel 11 series is getting its own taste of Gemini Intelligence

### ACTION STEPS

- ✓ Good news: Gemini Intelligence for Pixel 11 promises to fix that, acting like the most helpful 'know-it-all' your group chat has ever seen.
- ✓ This isn't just a bot; it integrates directly into your group chats. Ready to provide context and answer questions precisely when needed.
- ✓ Imagine: no more switching apps, no more 'lemme Google that.' It makes group chats truly productive. Are you ready for AI that actually helps?
- ✓ This smart assistant is rolling out to Pixel 11 users. Watch your Pixel updates and chat app settings to see when it arrives.

### PRO TIP:

*This ambient intelligence is the future of useful AI, anticipating our needs rather than just reacting.*
