Pixel 11's Gemini translated my videos and took photos for me

ACTION STEPS

- ✓ The Pixel 11 is getting five new Gemini features, and two are pure efficiency. Real-time video translation means you'll instantly understand any language, no more fumbling with apps. Just pure content!
- ✓ Then there's hands-free photo taking. Imagine your phone just snapping the perfect shot, all by itself. No more missed moments! What's one thing you always miss capturing? Tell me below!
- ✓ These aren't live yet, but they're *coming* to the Pixel 11. Keep an eye on your system updates and the Google app for when these amazing AI tools arrive. Massive upgrade!

PRO TIP:

This saves you so much hassle by automating previously manual or cumbersome tasks.
